

ANONYMOUS' VENVILLE STARTS PRINCIPAL PHOTOGRAPHY ON 44 INCH CHEST

Principal photography has begun on feature film **44 Inch Chest**, produced by **Anonymous Content's Steve Golin** (*Babel, Eternal Sunshine of the Spotless Mind, Being John Malkovich*) and independent producer Richard Brown. **Anonymous' Dave Morrison** and **Paul Green** will serve as executive producers. The film will be directed by Anonymous Content's **Malcolm Venville** who makes his feature debut. *Sexy Beast* writers Louis Mellis and David Scinto penned the pic.

Steve Golin)

A powerful and explosive drama of retribution, starring Ray Winstone (*Indiana Jones And The Kingdom of the Crystal Skull, The Departed, Sexy Beast*), Ian McShane (*Sexy Beast, Deadwood*), John Hurt (*Indiana Jones And The Kingdom of the Crystal Skull, V for Vendetta*), Tom Wilkinson (*Michael Clayton, Batman Begins*), Stephen Dillane (*King Arthur, The Hours*), Joanne Whalley (*The Man Who Knew Too Little, Scandal*), and Melvil Poupaud (*Speed Racer, Broken English*).

Colin Diamond (Ray Winstone) is in agony, shattered by the bombshell of his wife's infidelity with a young French waiter. His motley crew of friends - Old Man Peanut, Meredith, Archie, and Mal - kidnap Loverboy, and assemble a kangaroo court so that Colin can restore his manhood with revenge. A very bumpy night ensues for Loverboy whose life is at stake as Colin wrestles with heartbreak, anger, madness, love and gargantuan self-pity.

Producer Richard Brown comments: "Louis and David's brilliantly dark and funny script has attracted an extraordinary ensemble of actors and Malcolm Venville is the perfect director to bring it to life. We think we have the elements in place for a remarkable and compelling film."

Prescience Film Finance, Anonymous Content and Twilight Production & Entertainment Corporation are financing the picture. IM Global is handling worldwide sales, with Alliance Films releasing the film through their international distribution network – Momentum (UK), Aurum (Spain) and Alliance (Canada).

The film will shoot for seven weeks on location in East London and at Elstree Studios.

About Anonymous Content:

Anonymous Content is an industry-leading production and management firm that leverages its unrivaled reach and access to talent to create and produce innovative content across all its divisions: Film, Integrated, Commercials, Music Video, Television, and Talent.

Anonymous Content was formed in 1999 by a collaboration of business and creative minds responsible for developing some of the industry's most respected entertainment and branded content. In launching the firm, the founders combined their unique talents, distinct vision for the future of content creation, and

unmatched industry access. Since then, Anonymous has been able to extend its reach across entertainment, exercising its capacity to package talent and mine literary material from deep and powerful resources.

Company principals have developed longstanding direct relationships with talent, talent agencies, advertising agencies, domestic and international distributors, and broadcasters, reinforcing their ability to assemble the right team for any project. They create compelling and entertaining content while facilitating the development, production, and distribution of programming through both traditional and emerging media channels. The firm is currently in production of an impressive slate of highly-anticipated feature films and is responsible for producing films such as *Babel* and *Eternal Sunshine of the Spotless Mind*. Its commercial arm has been part of many of the industry's most successful campaigns, as well being at the forefront of the evolution of brand integration campaigns such as *BMW Films*. The Anonymous team now consists of more than 100 full-time employees at its Culver City, New York, and London offices.
